

SIA Proposal Trip Report

8/22/2005

I thought this
Would be
Relaxing

Dave
Feed
Me!!

Maybe I should
Get Sick again

Now I can
Think

I'm typing, but thinking
Of food

Dave's paying, so
Hog it down!

I'm Hoggin' it
down

Beer

When's Lunch?

This is Better than TV

Does Dave Have a Clue?

If I lay my hands on your computer, then it will understand just exactly how I packaged the offers to SIA.

A heart attack is starting to look pretty good right now!

I just won
FreeCell,
Yay!!!

How did I get into
this, Someone
must hate me

I'm so smart,
I dumped this
on Joe like a
wet kleenex

If Dave puts this into one of his trip reports, I will get even!

I wonder why Dave is such a pistol?

Ryan Single SignOn, I wonder if I can get a raise.

I not only should have brought my own food, I should have brought all of my glasses.

Why am I here? Oh, yeah, Dave told me.

You were on the ARINC 763 committee, so why aren't you a wanker?

I am Japanese, get it through your head. All of my grandparents were Japanese.

No, you have to be Chinese, I can't be mistaken

I'm Wendy and you are not, but I have a cat.

One Hapgood is a lot, two make my brain hurt. I just hope they don't gang up on me

Dave, It may be both of our birthdays, but I am a LOT younger than you.

That was true 10 years ago, but the ratio is changing fast!

I am only thinking
about work!

Now I know why I'm here!

Dave thinks that if he can hire us both, no one will figure it out and we can do double duty!

The team does test tube therapy
