

Thanks for sending Dave O

We used the Marketing Kit as the Flight Line shack didn't have 400hz

Just in case you wondered what the ACA Factory Repair Station looked like.

Captain Dave in WC381 testing the new fix

We made sure they weren't going to start the engine.

Dave O got a tour of the largest factory in the world. The Everett site can contain Disneyland and Can be seen from the Space Shuttle. There are more buildings to his left.
